A Review of Pharmaceutical Innovations

Mike De Luna

Pharmacist

Brooke Army Medical Center

San Antonio, Texas

This speaker has no relevant conflicts of interest to disclose.

Tuesday, February 13, 2018

University of Texas Health Science Center,

McDermott Building

7703 Floyd Curl Drive

San Antonio, TX 78229

Schedule of Activities:

6:30 PM Registration

7:00 PM CPE Presentation

Continuing Education Program Details:

UAN: 0156-9999-18-043-L04-P & 0156-9999-18-043-L04-T

Credit Hours: 1.0 (0.1 CEUs)

Type: Knowledge-based

Target Audience: Pharmacists, pharmacy technicians, and student pharmacists

At the completion of this activity, the pharmacist participant will be able to:

1. Define the term "biosimilar" and identify agents in this category
2. Explain new sterile compounding technologies and how they will affect pharmacist verification of products
3. Discuss new medication formulation technologies and how they change the medication's properties
4. Discuss new pharmacist roles becoming part of the patient-centered model
5. Review resources to research further information in regards to new pharmacy products

At the completion of this activity, the technician participant will be able to:

1. Identify a "biosimilar" agent and discuss the relevance to cost and procurement
2. Discuss how some of the newer sterile compounding technologies work in preparation of the sterile compound
3. Discuss the safety issue with having newer formulation technologies and the importance of not confusing them with current formulations
4. Identify new roles the pharmacist technician will be taking as new pharmacist roles begin to develop
5. Review resources to research further information in regards to new pharmacy products

The Texas Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This knowledge-based continuing professional education program expires on 02/13/2021 and provides 1.0 contact hour (0.1 CEUs) of continuing pharmacy education. To receive credit, you must claim your credit via the TSHP Education Portal (<http://tshp.wcea.education/>) no later

than **Friday, March 30, 2018**. A live event "secret code" will be provided during the session, you must retain this code to claim your credit. A session evaluation must be completed through the online portal for credit to be issued. Access to an Internet enabled computer is required and use of the Mozilla Firefox browser is recommended. Accurate NABP profile and date of birth information is required for successful credit submission. It is the responsibility of the participant to ensure credit has been successfully transferred to their My CPE Monitor Profiles. TSHP is not responsible for loss of credit to participants that do not ensure credit issuance to their My CPE Monitor Profiles by **Friday, March 30, 2018**.
